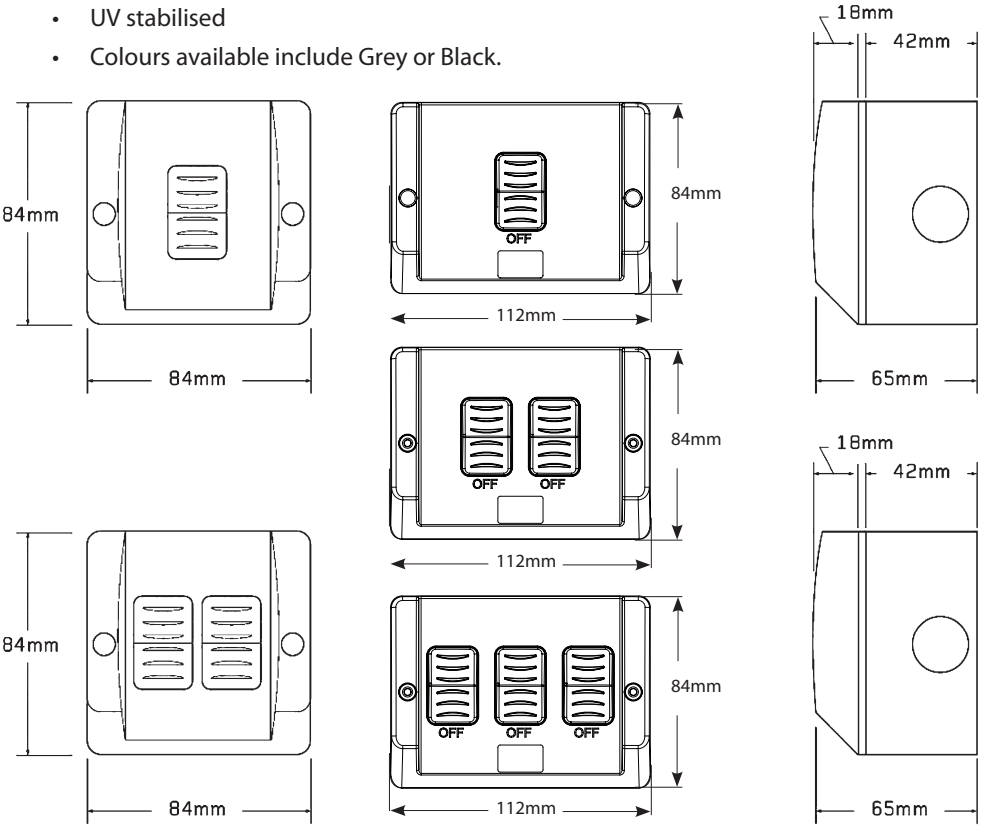
Hippo Range of Switches

- 16AX/20A 250V ac rated modular weatherproof switches.
- Heavy duty switch mechanism with additional mech securing screws.
- HPSW1GI is populated with an intermediate switch.
- The Hippo product including dollies, is made from UV Stabilised Polycarbonate to avoid discolouring.
- Switches are single pole two way with looping terminal.
- IP66 ideal for prevention against water or harmful objects that may compromise conventional light switches. Perfect for use in exterior applications, or damp/dusty environments such as building exteriors, carports, gardens or workshops.
- Styling matches the rest of the Trader Hippo family of products.
- Back mounting boxes that contain 20mm and 25mm plain entries.
- UV stabilised
- Colours available include Grey or Black.



Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Catalogue Number	Description
HPSW1G	Switch Weatherproof Single For Outdoor Use IP66 16AX/20A
HPSW1GI	Switch Weatherproof Single Intermediate IP66 10A 250V ac
