

HYJB3TSC

See current catalogue for further detail

Junction Boxes (3 Fixed Terminals)

HYJB3TSC - Junction Box Plastic 3 Fixed Twin Screw Terminals Large Profile Fast Fit Clip On Cover

- Suitable for connecting cables 3 x 6mm² or 4 x 2.52
- Terminal tunnels 6.0mm
- Current rating 40A
- Designed for single phase applications and the assembled is rated at 250V~
- Tunnel terminals meet the 80% ruling in clause 2.10.4.2 from AS/NZS3000
- 3 brass terminals suitable for joining into existing cables for those who prefer to have the terminations fixed I the base rather than loose insulated terminals in the box.
- The junction box uses a combination of easy side clips for those who need to assemble the box lid in place prior final fastening down, combined with the fast fix diagonally opposed cover screws.
- The Junction box features the same overall size and cut out features seen in the other HY-JB4T series products.

Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.
