See current catalogue for further detail

Shrouds

The Trader shrouds are universal as possible across the market with as many mounting accessories, switches and sockets. We have also made this shroud from a plastic which is as friendly as possible on your hands when installing and as easy to use as possible when performing any cut outs and cable entry points required.

HYSHR

Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.
