**SNSWVPVXGWW**

See current catalogue for further detail

## Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

## Switch Plates

- Switches are rated 16AX/20A 250V~ and approved to AS/NZS60669-1
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres
- Uses brass tunnel terminals that have the screws backed out for easier installation of cabling. Switches are two way with looping terminal and suit 4 x 1.5mm<sup>2</sup> cabling with 4.1mm bore
- Slotted head screws for the terminals
- Uses 'Cat Flap' screw covers for IP rating or mounting screws
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow
- Standard colour is white. Available in Black, White/Silver and Black/Silver - Please check availability.
- Plates suit Trader Meerkat MESWC mechs, including TV and Data; and Clipsal 30 Style\* mechs and accessories
- Horizontals are available by request
- Typical example of size seen below:

Example of cover plate only / grid and plate only (less mech)

Example of cover plate with MERJ6CM data mech installed

| Catalogue No. | Description                                                      |
