

MEERKAT 

L4B3L5 4ND PLU65

Our Meerkat MEID Aperture Plugs and Plug Blanks offer you one of the neatest labelling solutions for your circuit identification needs.

Suitable for all Trader Series switch plates, the clip in MEID plug contains a removable clear lens that provides protection of the inserted label. Plugs accommodate any card /film label within a 12.5mm square diameter. Aperture Blank Plugs provide a neat finish and safe installation for switch plates without having to replace the entire plate. Ideal for all commercial needs.
