

## CLPP2USBAUMW CLPP2USBAUMBK

\*See current catalogue for further detail

### Cleaning Guide:

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

## Clouded Leopard Range of Dual USB Charger Power Points

- Wall plate 7.5mm thick to align with other Clouded Leopard plates in the range.
- Power points rated to 10A 250V a.c.
- Warm white LED indicators to show power on status.
- USB outlets rated to 3.4A max total at 5V.
- Auto-Switched power point switches active upon plug insertion/withdrawal.
- Each electrical power point contains shutters activated from the neutral pin.
- The USB circuit is integrated with the power point outlet and connected internally so only one set of terminals are required for the electrician to wire the device.
- Fits standard mounting accessories with 84mm centres.
- Terminals suit 3 x 2.5mm<sup>2</sup>.
- Recommended for phone use or small tablets only, larger devices such as laptops with USB C connections require much greater output.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Standard colour is Matt White. Also available in Matt Black - please check availability.
- Product is approved in accordance with AS/NZS3112.
- USB outlets comply with AS/NZS61558.2.16:2010 A1-3.
- Typical example of size seen below:
