Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

Flat Cat Range of Single Power Points (Auto Switched)

- Uses brass terminals that have the screws backed out for easier installation of cabling. Power point terminals have Square wrapped terminals to suit 4 x 2.5mm² cable.
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Standard colour is white. Black, Matt White and Matt Black also stocked please check availability.
- Power points approved to AS/NZS3112.
- Active is auto switched.
- Shuttered.
- Typical example of size seen below:
