

**HPPP2GSC  
HPPP2GSCD  
HPPP152GSCD**

\*See current catalogue for further detail

**SOCKETS  
ARE IP54  
RATED  
ZONE 2  
READY**

**DOES NOT REQUIRE  
A COVER! It comes  
standard as IP54!**

No need for additional plastic  
socket flaps to achieve IP54  
"ZONE 2" for pools, wet areas  
and ponds; as per AS/NZS3000.

**Cleaning Guide:**

Spraying cleaning products on to  
electrical products is not recommended.  
It is important to ensure that switches are  
turned off before cleaning.

Do not use any cleaning sprays - only  
wipe down with damp cloth or rub with  
dry cloth. (Do not use an abrasive cloth as  
it may scratch the plastic).

Do not use harsh chemical cleaners as  
these can break down the plastic and  
cause it to crack.

## Hippo Power Point (Separate Circuit)

The HPPP2GSC & HPPP2GSCD is an expansion of the Hippo Range of Power Points that allows two independent switched sockets to be wired in the same enclosure

- 10A & 15A 250V ac rated modular weatherproof sockets with loop wires.
- The Hippo product including dollies, is made from UV Stabilised Polycarbonate to avoid discolouring.
- HPPP2GSCD & HPPP152GSCD are double pole.
- IP54 ideal for prevention against water splashes or harmful objects that may compromise conventional socket outlets. Perfect for use in zone two exterior applications, or damp/dusty environments - building exteriors, carports, gardens or workshops.
- Styling matches the rest of the Trader Hippo family of products
- Double gang boxes containing 25mm plain and threaded entries.
- Shutter operates from either earth or neutral.
- UV stabilised
- Colour: Grey. HPPP2GSCD & HPPP152GSCD available in Black & Matt Black.
- Can be mounted on the shallow back box series such as the HPPP2GBS and HPSMK2G.
- Other features of the product include the removable caps adjacent to the socket faces that are designed to be replaced with IPA studs for easy circuit identification. This helps to speed up any circuit ID process as the hole positions are available from removing the existing plugs and will maintain the IP54 rating when replaced with the IPA stud.
