### Cleaning Guide:

Spraying cleaning products on to  
electrical products is not recommended.

It is important to ensure that switches are  
turned off before cleaning.

Do not use any cleaning sprays - only  
wipe down with damp cloth or rub with  
dry cloth. (Do not use an abrasive cloth as  
it may scratch the plastic).

Do not use harsh chemical cleaners as  
these can break down the plastic and  
cause it to crack.
