

HPSSWCDP220 HPSSWCDP220BK

*See current catalogue for further detail

Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended. It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Hippo Range of Cover Mounted Double Pole Surface Switches

HPSSWCDP220

- HPSSWCDP220/BK - 20A 250V~ rated modular weatherproof switches.
- Heavy duty double pole switch mechanism.
