- M60 motor rating.
- Inbuilt scheduling.
- Power outage recovery.
- Control anywhere in the world via the Internet with the Zimi Cloud Connect. (Product Code: PMZCLOUDV1)
- IP66.
- Suits mounting on Buffalo boxes/enclosures.
- Can multi-gang with other Buffalo products.

Compatible load types

	LED
	Incandescent
	Fluorescent
	CFLs
	Electronic transformers
	Standard iron core & toroidal transformers
	Exhaust fans / small motors

Cleaning Guide:

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended. It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic). Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack. Do not wash the cover plates in water over 60°C.

Trader Powermesh products must be installed by a qualified electrician. Zimi requires a compatible (Android, iOS) mobile device. All features, functionality and other product specifications are subject to change without notice or obligation. Powermesh products are optimised for the use with the Zimi App. The Bluetooth word mark and logos are registered trademarks owned by the Bluetooth SIG, Inc.
