

## SCDLLG

## Scorpion LED Downlight 8W Low Glare

- Dimmable
- Colour Selectable (4 CCT colours)
- Body colour is white
- IC-4 rated can be covered and abutted - See instructions
- Flex and Plug - cable length 1.2 metres for easier installations
- Integrated driver
- *Warranty covers 5 Years Residential & 3 Years Commercial*

### Product Specification

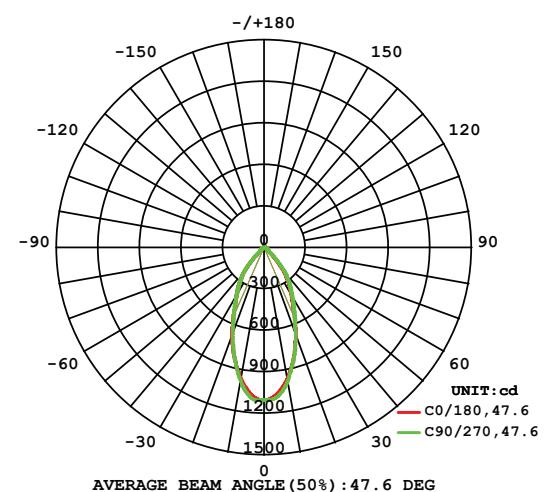

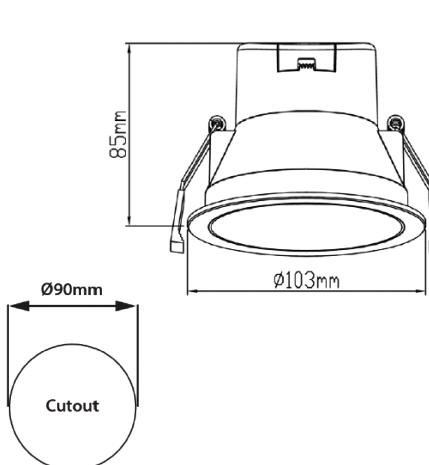

Part Code	SCDLLG
Colour Temp	3000K 4000K 5000K 5700K
Lumen Output	750lm
IP Rating	IP44 (from front only) IP20 (from rear)
Power	8W
Beam Angle	60°
CRI	>85
Voltage Rating	220V-240V~ 50Hz
LED Lamp Life (L70)	30,000 Hrs
Dimmable	Yes
Operating Temp	-10°C to 40°C (IC-4@ ta 25°C)
Electrical Class	Class II

### Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended. It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

### Dimming

The Scorpion Downlights have been designed for optimum performance with our Dimpala range of dimmers: DIMR - Dimpala Universal Eclipse Dimmer // DIMPRX - Dimpala Push Rotary Dimmer No Glow // DIMPR - Dimpala Push Rotary Dimmer. Please refer to our Website or Catalogue for further detail and accessories.

*Note: In some regions a slight flicker may occur when the luminaire is dimmed. This could be due to power line signals sent by electricity supply utilities. This effect is not a malfunction of the luminaire or dimmer but could be a result of local power supply changes. If this occurs at any stage adjusting the dimmer back to maximum output should minimise the effect.*
