- Tripod construction powder coated steel with polycarbonate connecting sleeves.

### Cleaning Guide:

Switch the device off and disconnect the charger from the socket before cleaning.

Clean the product with a soft, dry cloth. Do not use any form of abrasive cleaner or solvents to clean the unit. Never dip the Worklight into liquids.

Store the Worklight in a clean, dry and dark place. Do not expose the worklight to temperatures of under -15°C for long periods of time.

### Caution:

Never use a damaged product (eg. worn cable, cracked casing).
