LEOPARD  TM

Leopard Dual USB Charger Power Points

The Slim Range

The Leopard - Trader's easy to install range of slim switches and sockets designed in Australia for Australian Electrical Contractors.

Available through your Electrical Wholesaler

Trader's Leopard Twin Power Point with Dual USB Chargers (Type A & C) has arrived - our slim range of switches and sockets are ready for use by Australian Electrical Contractors.

Key Information:

- Wall plate 7.5mm thick to align with other Leopard products.
- Sockets rated to 10A 250V a.c.
- USB outlets rated to 3.4A max total at 5V.
- Warm white LED indicators to show power on status.
- Auto-Switched socket outlet switches active upon plug insertion/withdrawal.
- Each electrical socket contains shutters activated from the neutral pin.
- The USB circuit is integrated with the socket outlet and connected internally so only one set of terminals are required for the electrician to wire the device.
- Fits standard mounting accessories with 84mm centres.
- Terminals suit 3 x 2.5mm².
- Recommended for phone use or small tablets only, larger devices such as laptops with USB C connections require much greater output.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Standard colour is White. Also available in Black.
- Brushed Aluminium Covers (LEPP2USBAUCBA) available.
- Product is approved in accordance with AS/NZS3112.
- USB outlets comply with AS/NZS61558.2.16:2010 A1-3.
- Typical example of size seen below:

Brushed Aluminium Covers have a 10 year warranty.
