**Cleaning Guide:**

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

## Puma Range of Single Power Points

- Uses brass tunnel terminals that have the screws backed out for easier installation of cabling. Power point terminals have 5.7mm bore to suit 4 x 2.5mm<sup>2</sup> cable.
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Standard colour is white. Black also stocked - please check availability.
- Switches approved to AS/NZS3133.
- Power points approved to AS/NZS3112.
- Typical example of size seen below:

Do not wash the cover plates in water over 60°C.

## Puma Range of IP66 Switch Plates

- Trader IP66 rated flush switches have been designed to achieve IP66 on a smooth, flat, non-porous surface, from the front of the switch only.
- The switches are compatible with mounting hardware for standard 84mm mounting centre wallplates.
- IP Rating : IP66 (from front only).
- Voltage Rating: 250V a.c
- Current Rating: 10AX.
- Motor Rating: M100
- No provision has been made to prevent water and dust entering from behind the switch.
- Care should be taken when mounting, to ensure that water and dust cannot bypass the gasket and come in contact with live parts.
- Ensure that the mounting surface is completely flat, smooth and non-porous.
- Make sure the rear gasket seal is located in its correct position. – Use the silicone washer.
- Clip on front cover/surround.
- Standard colour is white. PUSWV4G66 & PUSW4G66 also available in Black & Matt Black - please check availability.

**Cleaning Guide:**

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

## Puma Range of Architrave Switches

- Switches are rated 10AX/16A 250V~
- Uses brass tunnel terminals that have the screws backed out for easier installation of cabling. Switches are two way with looping terminal and suit 4 x 1.5mm<sup>2</sup> cabling with 4.1mm bore
- Slotted head screws for the terminals
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow
- Standard colour is white.
- Approved to AS/NZS3133
- Typical example of size seen below:

Catalogue Number	Description

## Puma BIG4 and BIG5 Fixed Power Points

### PUBIG4

**PUBIG4 and PUBIG5**  
**DOUBLE POLE**

- Double pole surface mounted switched Quad power point.
- 10A at 250V~
- Diameter 6mm terminal bores to suit 4 x 2.5 mm<sup>2</sup> cables. 6mm terminal bore.
- Fits 84 mm mounting centres.
- Dolly indicator colour orange.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Colour: White / Black / Matt White / Matt Black also stocked - **please check availability.**
- Approved to AS/NZS3112.

### PUBIG5

- Double pole surface mounted switched Five gang power point.
- 10A at 250V~
- Diameter 6mm terminal bores to suit 4 x 2.5 mm<sup>2</sup> cables. 6mm terminal bore.
- Fits 84 mm mounting centres.
- Dolly indicator colour orange.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Colour: White.
- Mounting blocks include backing plates for situations where fully enclosed insulation is required.
- Colour: White / Black / Matt White / Matt Black also stocked - **please check availability.**
- Approved to AS/NZS3112.
- **The BIG5 uses the same features and mounting system as the BIG4, but has the additional switched power point for convenience.**

**PUBIG4MB and PUBIG5MB Mounting Blocks** are used in conjunction with PUBIG4 & PUBIG5  
 (Separate Data Sheet available with measurements details)

- 25mm high mounting block to suit PUBIG4, LEBIG4, PUBIG5 and LEBIG5
- Made from UV stabilised polycarbonate to avoid discolouring to yellow
- BIG4 Mounting blocks include backing plates for situations where fully enclosed insulation is required.
- BIG5 Mounting blocks include backing plates for situations where fully enclosed insulation is required.

## 4 x 4/2– 4 Power Points x 4/2 USBs

### PU4X4

- Approved to AS/NZS3112 & AS/NZS60950-1
- Four power points and four USB ports
- Wide spacing between power points for wide plug bases.
- Mounting Block [PU4X4MB] suits Puma 4X4 Products
- The rating for the USB is 2 x 3.1A at 5V when one device is inserted then it divides to split the output when a device is inserted in each USB socket - 3.1A available across 2 USB outlets on the left and 3.1A available across 2 USB outlets on the right.
- Fits standard wall boxes and mounting accessories
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow
- Standard colour is White. Also available in Black, Matt White and Matt Black
- please check availability

### PU4X4AC & PU4X2ACSW

- Approved to AS/NZS3112 & AS/NZS60950-1
- Suitable for USB Type C applications up to 3 Amp at 5V.
- Ideal for phones that utilise USB Type C connections.
- Not suitable for lap tops or other devices requiring greater output than 3 Amp at 5V.
- Four power points and four USB ports
- Wide spacing between power points for wide plug bases.
- PU4X2ACSW comes with a removable switch.
- Mounting Block [PU4X4MB] suits Puma 4X4 Products
- The overall electronic assembly rating is 3.1A at 5V; it then divides the output when devices are inserted in each USB socket.
- Fits standard wall boxes and mounting accessories
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow
- Standard colour is White.

### Cleaning Guide:

Spraying cleaning products directly on to electrical switches or power points (sockets) is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. Do not use an abrasive cloth as it may scratch the plastic.

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.

Do not wash the cover plates in water over 60°C.

## Puma Double Power Point, Skirting Mount

- The Double Power Point assembly consists of two single power points that are looped together (loops are included).
- The slim design is ideal for skirting board applications or thin timber panel mounting where space is an issue.
- The styling of the plate aligns with the rest of the PUMA range.
- The power point is only available in single pole format.
- Slim profile of 54mm high.
- Depth into the wall including the wire loops is 26mm.
- 135mm mounting centres.
- Length overall with cover 160mm.
- Variations available (2x 10A) or (1x 10A & 1x 15A)
- Available in White.
